From: Thomas Bonsell, Associate Planner
Date: June 21, 2010
Re: McCormick Village Park Plan Update

On June 9, 2010, the McCormick Village Park Plan held its third meeting. The primary focus for the evening was developing a set of principles, goals and actions that will provide a framework for the development of the MVP Park Plan. The subcommittee discussed each of the Principals, goals and actions and with a few minor changes, the committee felt that all three distinct future alternatives to be developed will have commonalities that can be supported by this guiding document. (See Attached)

Public attendance at the meeting was down from the previous week, but the planning staff has developed a strategy bring the MVP process to the public for more involvement by interest groups and citizens. (See attached meeting notes)

1. Mailers will be included with the next utility billings, June 22, 2010
2. City planning staff has created a more specific and useful e-survey that is ready for citizens input and compiling comments.

3. Non official facebook communication is percolating within the community.

The next meeting will be held Wednesday, July 14, 2010 at 7:00 PM in the council chambers. It is hoped that during the meeting three alternatives can be created that are inclusive of all points of view
