**Re:** McCormick Village Park Subcommittee Planning Commission Update

---

On August 11, the MVP subcommittee conducted its' final meeting and discussion for the development of Port Orchard's newest park McCormick Village Park (MVP). From our previous meetings, Jones & Jones developed a "preferred" draft alternative for the subcommittee's consideration. This preferred alternative was a synthesis three theme alternatives previously submitted.

After reviewing the new alternative, the subcommittee had a few minor suggestions for changes to the Jones & Jones park Plan. The 11 x 17 drawing provided to you is the "preferred alternative" without the most recent subcommittee recommended changes.

The subcommittee voted unanimously to accept the preferred alternative, with the minor changes, to be brought forward as the recommended park design.

Jones & Jones will be revising the park map and begin writing the plan and developing cost estimates for all four alternatives that will be brought to the Planning Commission for public hearing and discussion.
