The following terms and conditions shall be used in conjunction with the Standard Specifications for Road, Bridge and Municipal Construction, 2016 edition, together with the APWA Supplement (Section 1-99), as issued by the Washington State Department of Transportation and American Public Works Association, Washington State Chapter, hereinafter referred to as the "standard specifications". The standard specifications, except as they may be modified or superseded by these provisions, shall govern all phases of work under this contract, and they are by reference made an integral part of these specifications and contract as if herein fully set forth.

1. **BID PRICE:** The bid price(s) shall include all necessary permits, and fees and items of labor, material, equipment, tools, overhead and compensation, supplies, taxes, utilities and other incidentals necessary to complete the work in a fully functional and operational state. All prices including bid prices are in US funds.
2. **DEFINITIONS:** The term "City" means Port Orchard, Washington, "successful bidder" means the apparent lowest and best responsible bidder to whom an award is made, and "Contractor" means the successful bidder who has satisfied the requirements for the award and who receives a contract executed by the City. "Bidder" means the person, firm or corporation that has made an offer in response to the invitation to bid. "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment and services provided or to be provided by the Contractor to fulfill the Contractor's obligations.

4. **PUBLIC WORK REQUIREMENTS:** This project constitutes a public work under state law. Bidders are warned to take into consideration statutory legal requirements, particularly, the payment of prevailing wages and fringe benefits, payment and performance bonds and sales tax implications in making their bids. It is the sole responsibility of the bidder to insure that the appropriate labor classification(s) are identified and that the applicable wage and benefit rates are taken into consideration when preparing their bid according to these specifications. The Contractor shall complete and file State of Washington, Department of Labor & Industries, Statement of Intent to Pay Prevailing Wages and Affidavit of Wages Paid forms and shall familiarize itself with their requirements. The Contractor shall also be responsible for and pay all costs pertaining to the processing of these forms.

*City of Port Orchard and Petersen Brothers, Inc
Public Works Project No. 2016-035
Small Works Contract No. 074-16*

7. PROJECT COMPLIANCE: In compliance with the request for quotation, Bidder hereby proposes to perform all work for this project in strict accordance with the Contract Documents, at the Contract Sum, and within the time set forth herein with the understanding that time is of the essence in the performance of this contract.

8. TAXES: Proposals shall include all applicable taxes except sales tax which is a separate bid item. It shall be the Bidder's responsibility to furnish Federal Excise Tax Exemption Certificate, when applicable.

9. ERROR IN EXTENSION: Unit price, when used, shall govern in case of extension error.

10. PERMITS AND FEES: The Contractor shall furnish all permits, inspection fees, and fees required in the performance of this contract, including those charged under RCW 39.12.070 by the Department of Labor and Industries works for the approval of statements of intent to pay prevailing wages and the certification of affidavits of wages paid, etc. The Department may also charge fees to persons or organizations requesting the arbitration of disputes under RCW 39.12.060. The Contractor is responsible for all fees resulting from these statutes.

11. CONTRACT: The Contract, when properly signed, will be the only form which will be recognized by the City as an award. The executed Contract supersedes all previous communications and negotiations, except as referenced herein, and constitutes the entire agreement between the City and Contractor (parties), except as provided herein. The Contractor shall not make any changes, alterations, or variations in the terms of the contract without the written consent of the City. No terms stated by the Bidder in its proposal shall be binding on the City unless accepted in writing by the City. The successful bidder may not assign the Contract resulting from this invitation to bid without the City's prior written consent. No waiver by the City of a breach of any provision of the terms and conditions outlined in the invitation to bid shall constitute a waiver of any other breach of such provision or of any other provisions.

12. CHANGE ORDERS: If the City or the Contractor requests a change in the Work, or either party believes that a change is necessary, then the parties shall comply with the following procedure to document and reflect a change in the Work: (a) The party requesting the change shall write a description of the change and give the description to the other party (the "Change Notice"); (b) Before proceeding with the change in Work, unless otherwise excused by emergency, the Contractor shall provide the City with a fixed-price written estimate of the cost and time impact of the change in Work; and (c) The City and the Contractor shall execute a Change Order confirming their agreement as to the change in Work, the fixed-price cost, and the extension of the Substantial Completion Date, if any. If the change in Work cannot be performed on a fixed-price basis, the Change Order shall identify the agreed method of compensation.

13. CHANGE DIRECTIVES: A "Change Directive" is a written order signed by the City, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Substantial Completion Date, or both. The City may by Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions or other revisions, the Contract Sum and Substantial Completion Date being adjusted accordingly. A Change Directive shall only be used in the absence of total agreement on the terms of a Change Order. Upon receipt of a Change Directive, the Contractor shall promptly proceed with the change in the Work and advise the City of its agreement or disagreement with the proposed method for determining the proposed adjustment in the Contract Sum and/or Substantial Completion Date, if any, provided in the Change Directive. A Change Directive signed by the Contractor indicates agreement with all terms set forth in the Change Directive.

Such agreement shall be effective immediately and shall be recorded as soon as practical with a Change Order. If the parties are unable to agree on an adjustment to the Contract Sum and/or Substantial Completion Date, if any, then either party may submit the matter for determination in accordance with Section 21.

14. **MINOR CHANGES IN THE WORK:** The City shall have the authority to order minor changes in the Work not involving adjustment in the Contract Sum or extension of the Substantial Completion Date and not inconsistent with the Contract documents. The Contractor shall promptly carry out such written orders for minor changes in the Work.

15. **COMPLIANCE WITH LAWS AND REGULATIONS:** The Contractor warrants full compliance with all applicable local, state or federal laws and regulations and agrees to indemnify and defend the City against any loss, cost, liability or damage, including reasonable attorney's fees, by reason of successful bidder's violation of this paragraph.

16. **INDEMNIFICATION:** All services to be rendered or performed under contract will be rendered or performed entirely at the Contractor's own risk. The Contractor shall defend, indemnify and hold the City, its officers, officials, employees and volunteers harmless from any and all claims, injuries, damages, losses or suits including attorney fees, arising out of or in connection with the performance of this Agreement, except for injuries and damages caused by the sole negligence of the City. Should a court of competent jurisdiction determine that this Agreement is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Contractor and the City, its officers, officials, employees and volunteers, the Contractor's liability hereunder shall be only to the extent of the Contractor's negligence. It is further specifically and expressly understood that the indemnification provided herein constitutes the Contractor's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties. The provisions of this section shall survive the expiration or termination of this Agreement.

17. **TERMINATION:** This Contract may be terminated in whole or in part, without penalty, under the following conditions: 1) by mutual written agreement; 2) by the City for breach by the Contractor of any of the obligations or requirements set forth in the contract documents which would, at the option of the City, require the Contractor to assume liability for any and all damages, including the excess of re-procuring similar products or services; 3) for convenience of the City; or 4) by the City for non-appropriation of funds.

18. **TERMINATION BY THE CITY WITHOUT CAUSE:** Notwithstanding any other provisions contained herein, the City, without cause, may terminate the contract between the parties by providing notice to the Contractor. Upon termination under this section: 1) All remaining obligations of the parties are discharged, but any right based upon breach or performance occurring prior to termination survives; 2) If the reasonable costs of performance incurred by the Contractor prior to termination exceed the amount paid by the City to the Contractor on the Contract Sum, the City shall reimburse the Contractor in the amount of such excess; 3) If the amount paid by the City to the Contractor on the Contract Sum exceeds the reasonable costs of performance incurred by the Contractor prior to termination, the Contractor shall reimburse the City in the amount of such excess; 4) Any funds obtained or retained by the Contractor as provided in subsections 2) or 3), above, shall constitute full payment and consideration for the services performed by the Contractor prior to termination.

19. COMPLIANCE WITH TERMS: The City may at any time insist upon strict compliance with these terms and conditions, notwithstanding any previous custom, practice, or course of dealing to the contrary.

20. PAYMENT: Contractor shall maintain time and expense records and provide them to the City along with monthly invoices in a format acceptable to the City for work performed to the date of the invoice. All invoices shall be paid by the City within 45 days of receipt of a proper invoice. If the services rendered do not meet the requirements of the Contract, Contractor will correct or modify the work to comply with the contract. City may withhold payment for such work until work meets the requirements of the Contract.

21. DISPUTE RESOLUTION: In the event there is a dispute between the parties, the parties agree to resolve that dispute in the following manner: (a) The parties shall attempt in good faith to resolve any dispute promptly through negotiation. Either party may give the other party written notice that a dispute exists (a "Notice of Dispute"). The Notice of Dispute shall include a statement of such party's position. Within ten (10) days of the delivery of the Notice of Dispute, the parties shall meet at a mutually acceptable time and place and attempt to resolve the dispute; (b) If the parties are unable to resolve the dispute, they may elect to submit the dispute to mediation. The cost of the mediation shall be borne equally by each party. The mediator shall be selected by the mutual agreement of the parties; (c) If the mediation does not result in a settlement of the dispute, the dispute shall be settled by binding arbitration by the Judicial and Arbitration Mediations Service ("JAMS") in accordance with the then operative construction rules of JAMS. The parties may select an arbitrator by mutual agreement, or if unable to agree, the arbitrator will be selected pursuant to the rules of JAMS. The parties shall be bound by the decision of such arbitrator. The arbitration shall be conducted in Kitsap County, Washington; provided, if JAMS is unable to conduct the arbitration in Kitsap County, then the arbitration shall be held in such location as the parties may agree after consulting with JAMS.

B. The Principal and Surety agree that the work and improvements installed in the above-referenced project shall remain free from defects in material, workmanship and installation (or, in the case of landscaping, shall survive,) for a period of twenty-four (24) months after written and final acceptance of the same and approval by the City. Maintenance is defined as acts carried out to prevent a decline, lapse or cessation of the state of the project or improvements as accepted by the City during the twenty-four (24) month period after final and written acceptance, and includes, but is not limited to, repair or replacement of defective workmanship, materials or installations.

*City of Port Orchard and Petersen Brothers, Inc
Public Works Project No. 2016-035
Small Works Contract No. 074-16*

C. The Principal shall, at its sole cost and expense, carefully replace and/or repair any damage or defects in workmanship, materials or installation to the City-owned real property on which improvements have been installed, and leave the same in as good condition as it was before commencement of the work.

D. The Principal and the Surety agree that in the event any of the improvements or restoration work installed or completed by the Principal as described herein, fail to remain free from defects in materials, workmanship or installation (or in the case of landscaping, fail to survive), for a period of twenty-four (24) months from the date of approval/acceptance of the work by the City, the Principal shall repair and/replace the same within ten (10) days of demand by the City, and if the Principal should fail to do so, then the Surety shall:

1. Within twenty (20) days of demand of the City, make written commitment to the City that it will either:
 - a). remedy the default itself with reasonable diligence pursuant to a time schedule acceptable to the City; or
 - b). tender to the City within an additional ten (10) days the amount necessary, as determined by the City, for the City to remedy the default, up to the total bond amount.

Upon completion of the Surety's duties under either of the options above, the Surety shall then have fulfilled its obligations under this bond. If the Surety elects to fulfill its obligation pursuant to the requirements of subsection D(1)(b), the City shall notify the Surety of the actual cost of the remedy, upon completion of the remedy. The City shall return, without interest, any overpayment made by the Surety, and the Surety shall pay to the City any actual costs which exceeded the City estimate, limited to the bond amount.

2. In the event the Principal fails to make repairs or provide maintenance within the time period requested by the City, then the City, its employees and agents shall have the right at the City's sole election to enter onto said property described above for the purpose of repairing or maintaining the improvements. This provision shall not be construed as creating an obligation on the part of the City or its representatives to repair or maintain such improvements.

E. Corrections. Any corrections required by the City shall be commenced within ten (10) days of notification by the City and completed within thirty (30) days of the date of notification. If the work is not performed in a timely manner, the City shall have the right, without recourse to legal action, to take such action under this bond as described in Section D above.

F. Extensions and Changes. No change, extension of time, alteration or addition to the work to be performed by the Principal shall affect the obligation of the Principal or Surety on this bond, unless the City specifically agrees, in writing, to such alteration, addition, extension or change. The Surety waives notice of any such change, extension, alteration or addition thereunder.

G. Enforcement. It is specifically agreed by and between the parties that in the event any legal action must be taken to enforce the provisions of this bond or to collect said bond, the prevailing party shall be entitled to collect its costs and reasonable attorney fees as a part of the reasonable costs of securing the obligation hereunder. In the event of settlement or resolution of these issues prior to the

filing of any suit, the actual costs incurred by the City, including reasonable attorney fees, shall be considered a part of the obligation hereunder secured. Said costs and reasonable legal fees shall be recoverable by the prevailing party, not only from the proceeds of this bond, but also over and above said bond as a part of any recovery (including recovery on the bond) in any judicial proceeding. The Surety hereby agrees that this Agreement shall be governed by the laws of the State of Washington. Venue of any litigation arising out of this Agreement shall be in Kitsap County Superior Court.

H. Bond Expiration. This bond shall remain in full force and effect until the obligations secured hereby have been fully performed and until released in writing by the City at the request of the Surety or Principal.
