B. Project Description

Please provide a brief description of the proposed 2016 project/activity.

Over the past two years, several organizations within the South Kitsap/Port Orchard Community have cooperated in promoting the region beyond the borders of the Olympic Peninsula. This coalition includes: Port Orchard Chamber of Commerce, Port Orchard Bay Street Association, Sidney Museum and Arts Association, Fathoms o' Fun and the Port of Bremerton. Each of these organizations have the same goals to promote the South Kitsap/Port Orchard Community. For many years each member of the coalition would place advertising in many of the same publications. The purpose of the coalition was to consolidate advertising efforts in order to either get more "bang" for the buck or to allow advertising dollars to work in additional publications.

Initially we thought it would have been more logistically feasible, but in reality it has proven to be difficult to do given the nature of LTAC reimbursements and restrictions. Given the restrictions to using the LTAC funds each of these organizations have agreed that the Chamber of Commerce is the logical entity to coordinate and manage the promotion on behalf of the coalition. The coalition remains strong in its goal of promoting South Kitsap.

The coalition proposes both an online and a print promotion campaign. To take advantage of changing technology and the ease of access to information, the Chamber will build out a comprehensive South Kitsap Community Calendar along with an all-inclusive events and recreation website as well as continue to maintain the current Chamber Website which received over 90,000 hits this year. The last component of the online promotion would be an increased use of online "adwords" marketing on all the major search engines and social media. The second part of the coalition promotion campaign includes print media. Putting advertising in Discover Kitsap as well as distribution of our new brochure and map on the Washington State Ferries and distribute it in hotels along the I-5 corridor.

PORT ORCHARD: SCENIC LIFE BY THE SEA IN A SMALL TOWN COMMUNITY

The logo expresses this unique spirit. The interplay between the water, the sky and the land is represented in the relationships of graphic elements:

Contrasting yet harmonious use of color and typography are employed for the words "port" and "orchard".

The lower edges of the letterforms of the word "Orchard" suggesting the shoreline underscore the important relationship of the town to the water and accentuate the rhythm of the waving lines.

The two waving forms create the sense of water movement, tide lapping, and boat wakes as well as offer a suggestion of celebration like streamers in the wind. Their woven relationship refers to the community interchange.

CORRECT USE OF THE PORT ORCHARD LOGO
