

RESOLUTION NO. 075-16

A RESOLUTION OF THE CITY OF PORT ORCHARD, WASHINGTON, ALLOWING THE PUBLIC WORKS DEPARTMENT TO SOLE SOURCE THEIR POTABLE WATER MANGANESE TREATMENT NEEDS WITH ATEC SYSTEMS, INC.

WHEREAS, the City of Port Orchard is needing to address the treatment of Manganese within several groundwater sources of their potable water system(s); and

WHEREAS, on March 13, 2015 and April 17, 2015, the Public Works Department discussed with the 2015 Utility Committee the need to provide Manganese treatment and the reasoning behind the request to 'sole source' Manganese treatment of the City's potable water system(s) with ATEC Systems, Inc.; and

WHEREAS, the reasons to 'sole source' the City's potable water treatment of Manganese with ATEC Systems, Inc. are as follows; 1) ATEC Systems, Inc. is a long standing local vendor that provides reliable, cost-competitive treatment systems , 2) current City Staff has operational knowledge of both the ATEC Systems, Inc. Manganese Treatment System and their Staff, 3) the City needs to implement Manganese Treatment at several City sources (Well # 10/13, the Well #9 Retrofit and new Well #12) and having more than one vendor is operationally problematic, and 4) the ATEC system is easily expandable, allowing the city to incrementally install treatment capacity as growth occurs; and

WHEREAS, on March 24, 2015, the Public Works Department confirmed with the Department of Health, their ability to 'sole source' Manganese treatment with ATEC Systems, Inc. and received their support to do so; now, therefore,

THE CITY COUNCIL OF THE CITY OF PORT ORCHARD, WASHINGTON, HEREBY RESOLVES AS FOLLOWS:

THAT: The City Council adopts Resolution No. 075-16, thereby allowing the City of Port Orchard Public Works Department to 'sole source' the City's potable water treatment of Manganese with ATEC Systems, Inc.

PASSED by the City Council of the City of Port Orchard, SIGNED by the Mayor and attested by the City Clerk in authentication of such passage on this 22nd day of November, 2016.
